Everything related to my class will be located on Google Classroom.

Assignments will be handled on Google Classroom like we have been doing this year. We will also have some Edgenuity as well.

The same expectations for in person learning will be used online. Mics will be muted for the most part except for taking attendance and answering questions during the live meeting. No student should be having distractions such as phones or video games present during the meeting. We will also use the cameras from time to time as well. Chat on the Google Meet will be used for questions or to address you have a question you would like to ask.
