Where do students find assignments?

Students will work in Edgenuity for US Gov't and Personal Finance classes, work will be submitted to students on Teams.

Where should assignments be turned in?

Students will work on Edgenuity for class and grades assigned as progress is made. Attach assigned work in Teams

Classroom expectations for remote students:

*They do not have to have their microphone on the entire time. They do not have to have their camera on.

*They must respond when called on? When your class has a break they have to turn their cameras on so you can make sure they are actually in the room.

*Students are expected to log in to Edgenuity every day during the week and log in to Teams daily for attendance purposes.
