1st 2nd 3rd 4th 5th students who have me as a class must remote in during their block time to talk with me.

Students who do not have me or need me at different times, may remote in at anytime during the day.

If I am in a meeting and can not remote in, I will post it under post in my teams.

I also will chat with students about things for them, grades, etc...

If I should need any work I will post it under chat if it is individual work, if it is a whole class assignment, I will post under Post.

I take attendance by remoting or chatting. Please be sure to do this everyday.

Students are required to talk with the teacher during remote time.
